Committed to preserving Elmwood's past while providing its citizens with educational opportunities, the Bess Streeter Aldrich Foundation and American Legion Post #247 have merged through the purchase of the "old Co-op Oil Association building" (Prairie Technology Solutions). Together, we are convinced we can offer some unique opportunities while assuring our longevity in the community.

We are eager to combine our museums and add an Elmwood history and genealogy studies section. This will also serve as a community learning center. Plans are pending and renovation cannot begin until we pay for our new building.

One way to help us with this goal is to participate in our brick project. Perhaps you would like to honor a veteran, a past Elmwood citizen, or add your name and/or your organization to our list of distinguished donors.

We encourage you to check out our tile/brick options and help us create a unique, decorative feature in our new building!

The Bess Streeter Aldrich Foundation is a registered 501(c)(3) organization and American Legion Post #247 is a 501(c)(19) organization. Please consult with your tax advisor how your contribution may be tax deductible.
